**INDEPENDENT AUDITORS' REPORTS ON
INTERNAL CONTROL AND ON COMPLIANCE**

YEAR ENDED SEPTEMBER 30, 2006

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman
Marshall Islands Nuclear Claims Tribunal:

We have audited the financial statements of the Marshall Islands Nuclear Claims Tribunal (the Tribunal) as of and for the year ended September 30, 2006, and have issued our report thereon dated April 26, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Tribunal's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tribunal's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Tribunal in a separate letter dated April 26, 2007.

This report is intended solely for the information and use of the Tribunal, management, federal awarding agencies, the cognizant audit and other federal agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND INTERNAL CONTROL OVER COMPLIANCE APPLICABLE TO EACH MAJOR FEDERAL AWARD PROGRAM AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Chairman
Marshall Islands Nuclear Claims Tribunal:

Compliance

We have audited the compliance of the Marshall Islands Nuclear Claims Tribunal (the Tribunal) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its one major federal program for the year ended September 30, 2006. The Tribunal's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs (page 7). Compliance with the requirements of laws, regulations, contracts, and grants applicable to its one major federal program is the responsibility of the Tribunal's management. Our responsibility is to express an opinion on the Tribunal's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Tribunal's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Tribunal's compliance with those requirements.

In our opinion, the Tribunal complied, in all material respects, with the requirements referred to above that are applicable to its one major federal program for the year ended September 30, 2006.

Internal Control Over Compliance

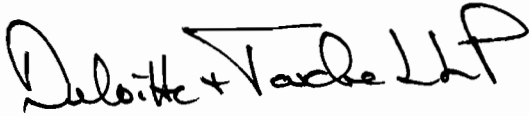

The management of the Tribunal is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Tribunal's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the Tribunal as of and for the year ended September 30, 2006, and have issued our report thereon dated April 26, 2007. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards (page 5) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. This schedule is the responsibility of the management of the Tribunal. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Tribunal, management, federal awarding agencies, the cognizant audit and other federal agencies and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards
September 30, 2006

(1) United States Department of the Interior, Compact of Free Association

The Marshall Islands Nuclear Claims Tribunal (the Tribunal) is a subrecipient of funds received through Section 177 of the Compact of Free Association (the Compact) from the Republic of the Marshall Islands. These funds must be distributed in accordance with the agreement concerning procedures for the implementation of United States economic assistance, programs and services provided in the Compact between the Government of the United States and the Government of the Republic of the Marshall Islands dated July 21, 1986. Additionally, it has been determined these funds are not subject to general U.S. federal requirements such as OMB Circulars A-102 and A-87, but rather must be expended in compliance with local laws and regulations and Compact intent.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Tribunal and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**MARSHALL ISLANDS NUCLEAR CLAIMS TRIBUNAL
(A SPECIAL REVENUE FUND)**

Schedule of Findings and Questioned Costs
Year Ended September 30, 2006

Section I - Summary of Auditor's Results

1. The Independent Auditors' Report on the financial statements expressed an unqualified opinion.
2. No reportable conditions in internal control over financial reporting were identified.
3. No instance of noncompliance considered material to the financial statements was disclosed by the audit.
4. No reportable conditions in internal control over compliance with requirements applicable to the major federal award program were identified.
5. The Independent Auditors' Report on compliance with requirements applicable to the major federal award program expressed an unqualified opinion.
6. The audit disclosed no findings required to be reported by OMB Circular A-133.
7. The Tribunal's one major program was:

<u>Name of Federal Program</u>	<u>CFDA Number</u>
Compact of Free Association, Title I, Article VII, Section 177	15.875

8. A threshold of \$300,000 was used to distinguish between Type A and Type B programs as those terms are defined in OMB Circular A-133.
9. The Tribunal did qualify as a low-risk auditee as that term is defined in OMB Circular A-133.

Section II - Financial Statement Findings

No matters are reportable.

Section III - Federal Award Findings and Questioned Costs

No matters are reportable.
