We have audited the accompanying Statements of Financial Condition of the BIKINI CLAIMS TRUST FUND, as of September 30, 2010 and 2009, and the related Statements of Income, Trust Equity and Cash Flows for the years then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the BIKINI CLAIMS TRUST FUND as at September 30, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

BIKINI CLAIMS TRUST FUND
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - THE TRUST AND A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Bikini Claims Trust Fund (the Trust) was created pursuant to the Agreement Between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact of Free Association ("Compact Section 177 Agreement"), which came into effect on October 21, 1986, as part of the Compact of Free Association Act of 1985, Public Law 99-239.

Article I, Section 1 of the Compact Section 177 Agreement created a \$150,000,000 Trust Fund (the "Fund") "to provide, in perpetuity, a means to address past, present and future consequences of the Nuclear Testing Program. . . ." The Fund provided annual proceeds of at least \$18,000,000, which were disbursed pursuant to a schedule set forth in Article II of the Agreement.

Under Article II, Section 2, of the Compact Section 177 Agreement, \$5,000,000 of the \$18,000,000 in annual proceeds were disbursed in quarterly amounts of \$1,250,000 beginning in January of 1986 and ending in October of 2001 to the Bikini Distribution Authority. Article II, Section 2 provides that these 60 quarterly payments of \$1,250,000 are "in payment of claims arising out of the Nuclear Testing Program for loss or damage to property and person of the people of Bikini only. . . ." The section states that these funds are to be "distributed, placed in trust or otherwise invested as the Bikini Distribution Authority may determine consistent with this Agreement." The Agreed Minute attached to the Section 177 Agreement provides the basis for provisions of Article VII of the Bikini Claims Trust Fund Agreement concerning distribution of Fund payments and net income.

The Trust was amended on July 25, 2002 retroactive to the quarter ended March 31, 2002 to allow for quarterly distributions of 1.25% of the Corpus of the Trust based on the average market value of the Trust for the previous three fiscal years. The Trust also distributes rebates received from investment charges.

The Trust Agreement was amended in August of 2005 to allow for a 3% distribution in lieu of the 1.25% quarterly distribution in the event of an unforeseen natural disaster or other similar circumstance to occur no more frequently than every three years, provided the value of the trust fund has increased as of the preceding fiscal year ends.

Assets and liabilities and revenue and expenditures are recognized on the accrual basis of accounting.

The Trust is exempt from all Federal and local income taxes. Therefore, the Trust pays no taxes and has no tax liability.

The Statement of Financial Condition has not been segregated between current and noncurrent classifications. The classifications between current and noncurrent investments cannot be determined as the Trust buys and sells investments depending on market conditions.

NOTE 1 - THE TRUST AND A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Statement of Cash Flows treats distributions to the people of Bikini as financing activities as they are not considered revenue and expenditure activities. Cash equivalents are considered to be investments in cash reserves, certificates of deposit and money market funds.

The trust maintains its cash balances with MTB Funds. The funds are not insured by the Federal Deposit Insurance corporation. At September 30, 2010 and 2009 the Trust's uninsured cash balances were \$419,224 and \$1,105,760 respectively.

Cash flows from Trust activities reported on the Statement of Cash Flows include all investment activities of the Trust.

Recognized gain or loss on the sale of marketable securities is recorded utilizing the first-in first-out method of accounting. Pursuant to the trust document, capital gains and losses are considered income by the trust.

The Trust paid no interest during the year ended September 30, 2010 or September 30, 2009.

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments are stated at cost; if a decline in market value is considered other than temporary the cost is adjusted for the impairment.

NOTE 2 - INVESTMENT IN MARKETABLE EQUITY SECURITIES

The market value of the marketable equity securities was \$55,222,359 at September 30, 2010 and \$48,167,061 at September 30, 2009. The Trust had unrealized gains in marketable equity securities of \$6,428,148 at September 30, 2010 and \$4,540,300 at September 30, 2009 which consisted of all gains in accumulated other comprehensive income. The fair market value of equity securities was derived from readily available market quotations. Proceeds of sales of marketable equity securities were \$17,559,892 and \$9,070,808 during the years ended September 30, 2010 and 2009, respectively.

NOTE 3 — INVESTMENT IN PARTNERSHIPS

This amount represents the adjusted cost in two partnerships as of September 30, 2010 and September 30, 2009. The market value of these partnerships was \$484,365 at September 30, 2010 and \$5,138,705 at September 30, 2009, and accordingly the trust had unrealized gains of \$120,415 and
